FILE DESCRIPTIONS & TERMS OF USE

2019 MEDALLION ARTWORK

The file archive you've downloaded contains the following four files for your convenience:

HIGH-RESOLUTION/PRINT IMAGE FILES

- Created for use in print projects and large-format applications
- CMYK process color
- High-resolution (350 dpi / 1,750 × 1,750 pixels)
- Provided in two formats: Photoshop and PNG

PSD

This Photoshop file is recommended for most print applications.

It contains an image of your medallion against a transparent background, as well as a second layer with an optional, light drop shadow.

The image's transparency permits the image to be used against any color or patterned background, and the visibility of the drop shadow layer can be turned on or off in Photoshop to suit your projects' design requirements.

PNG

This file contains an image of the medallion against a transparent background and includes a light drop shadow.

LOW-RESOLUTION/SCREEN IMAGE FILE

- Created for use in online projects and other electronic applications
- Low-resolution (72 dpi / 400 × 400 pixels)

VECTOR LINE ART FILE

- Black-only vector line art image can be resized without loss of resolution

EPS

This Adobe Illustrator EPS file contains scaleable, black-and-white line art for custom applications should you require it.
